Virginia Career Works Youth Program participants range from 14-24 years. All mentors must complete a training and onboarding process. All training and onboarding information will be provided following a request for an application or more information. Matches are created based on information provided by both mentor and mentee. Mentors and mentees may decline a match prior to and following the initial session. Delays in being matched may occur until a mentee is searching for a mentor within the occupation or career path you have identified. The mentor match commitment is once-monthly for 12 months.
