Upon a motion by Nate Mahanes, seconded by John Capps, the Board unanimously approved the meeting minutes of January 21 and February 23, 2021.

#### **3. Financial Update**

Rosalie Majerus reviewed the financial report through February with the Board and noted that our expenditures at \$1,152,193 to date would likely result in some carryover when compared to the \$1,854,150 budgeted amount. Rosalie noted that there were no unusual revenue or expenses since our last meeting. Rosalie reported that she has been able to utilize all of the revenues from PY 19, the oldest monies remaining.

Nat Marshall thanked Rosalie for her good management and knowledge of the Board's funds and accounts. Nat noted that under Rosalie's management we have never had to return money to the Commonwealth.

#### **4. Update on the G3 Initiative and CVCC's CTE Academy**

Dr. John Capps updated the Board on G3 – Get Skilled, Get a Job, Give Back, which is tuition free Community College for students who enroll in high demand fields such as health care, advanced manufacturing, information technology and public safety. At the college there are 60 programs that qualify for G3 support. 34 of those programs are credit programs and 26 of them are “Fast Forward” programs which provide training and job skills in a matter of weeks.

The G3 appropriation itself amounts to \$34 million of which \$32.5 million is devoted to tuition support. The tuition scholarships qualify for families up to a \$100,000 income and include books and some living expenses.

Over the past year enrollment at CVCC dropped by 9.5%. For the summer semester this year enrollment is up by 40% over last year, a reflection of the impact that the pandemic had on the college. G3 is expected to be a primary driver in bringing students to the Community College's career and technical education programs.

Also on July 1 our Regional Career and Technical Education Academy will open. Campbell School Superintendent Dr. Bobby Johnson and the other school superintendents brought the idea of the regional CTE to the college. This academy is a true regional collaborative effort with local government through the PDC investing cash resources to match GO Virginia grant funds which will allow the College to hire two key positions at the Academy.

In establishing the Academy the College received over 200 responses to a poll of businesses and business leaders. 75% of the respondents indicated they were having difficulty finding employees for positions.

G3 will not apply for dual enrollment High School students. Dual enrollment students can participate in the courses.

#### **5. Renewal of the HumanKind Contract**

Lori Cumbo explained that the contract for one-stop operator and Title I operator was awarded to HumanKind on a one-year basis with extensions available. It is appropriate to consider a one-year extension of the contract beginning July 1, 2021.

Keith Cook of HumanKind presented information about the progress made during the year through March 31. Keith also presented performance measures regarding the program services.

Since taking over the Youth Program in July, HumanKind has established the 14 Youth Career Program elements and began a class of "Career Essentials" with 25 certifications.

New programs in place for tutoring and mentoring in the Youth Program. On track to meet the required 20% Youth work experience.

Upon a motion by Traci Blido, seconded by Nate Mahanes, the Board unanimously approved a one-year contract extension for HumanKind as presented.

**6. Review and approval of Business Services and Youth Incentives Policy**

Lori Cumbo and Tim Saunders presented several Youth and Business Services policies that are attached. Upon a motion by Christine Kennedy, seconded by Bill Coleman, the policies were unanimously adopted by the Board.

**7. Update on the Search for the new Workforce Director**

Gary Christie reported that the Search Committee has been at work reviewing applications and will interview candidates in May with a July anticipated start date for the candidate.

**8. Other business**

Tim Saunders noted the demand from a variety of sectors and businesses with assistance from recruiting. At a recent job fair very few applicants showed up. We did advertise the event widely with TV ads, flyers, e-mails and wide publicity on social media.

Nate Mahanes reported on a RANE meeting upcoming on April 20 with Mrs. Wheelchair Virginia as the keynote speaker.

**9. With no further business the meeting was adjourned.**

## Workforce Innovation and Opportunity Act (WIOA) Program Policy #108

Subject: Business Services

Effective Date:

Revised:

**Policy Purpose:** To outline the requirements for providing services to employers by the CVWDB/LWDA workforce system and WIOA program.

### I. Background

A. WIOA establishes a comprehensive workforce development system that emphasizes the role of employers as a primary customer. The provision of employer services assists in meeting the needs of employers in overcoming recruiting and retaining challenges, as well as increasing the global competitiveness of the business by developing talent for the regional economy.

B. WIOA envisions an integrated system that is results oriented, flexible, and continuously improving. Each workforce development area (local area) completes a strategic four-year plan that assesses the needs of local employers and job seekers and establishes the services to be provided to employers in the local area or the region. Resources that support employer services are maximized through shared service delivery, non-duplication, and leveraging of funds across partner programs.

### II. Definitions

A. Customized Employer Services: Employer services tailored for specific employers.

B. Employer: An individual, business, company, firm, agency, organization, etc. that employs one or more people.

C. Employer (Business) Services: Activities that assist employers with their employment needs. Services may include: customized training, pre-hire services, screening and referral of qualified applicants, and labor market information.

D. Business Services Team (BST): A formalized team responsible for ensuring the coordination of employer service delivery according to their local plan and in line with the combined state plan. The team is made up of cross-agency, WIOA partners and other organizations as appropriate.

E. Fee-for-Service: A fee that may be charged to employers, employer associations, and other such organizations for the provision of customized services.

- F. Job Order: A structured record of an employer's requirements (wages, hours, working conditions, worksite location and benefits offered by the employer) for filling vacant positions with qualified workers.
- G. Talent Solutions Team: The Talent Solutions Team is comprised of all interested education, economic development, training and employment organizations in the Central Virginia Local Workforce Development Area 7. The team is responsible for driving sector strategies within the locality, providing local employers with human resource solutions and identifying methods to shrink regional skills gaps. The team is designed to ensure a comprehensive array of services are provided to businesses to maximize the efficiency and expertise of the system partners. Members of the CVWDB Business Services Team (WIOA partners) are a part of this team.
- III. Local Workforce Development Area Requirements
- A. Provision of Employer Services
1. Local areas must establish and develop relationships and networks with large and small employers and their intermediaries. To assist in this, applicable CVWDB center partners must develop, offer, and deliver quality employer services. These services must assist businesses in overcoming the challenges of recruiting and retaining employees, as well as developing employee talent to benefit the regional economy. To support area employers most effectively, local areas, including designated partner staff, must:
    2. Have a clear understanding of industry skill needs.
    3. Identify appropriate strategies for assisting employers, and coordinate employer service activities across the CVWDB center partner programs, as appropriate; and

These employer services may be provided through effective business intermediaries working in conjunction with the local Workforce Development Board (WDB), or through the use of economic development, philanthropic, and other public or private resources in a manner determined appropriate by the local WDB.

D. Fee for Employer Services

1. A fee may be charged for customized employer services. Additionally, employer services and strategies that go beyond the scope of services outlined in WIOA as mandatory may be provided on a fee-for-services basis or through the leveraging of economic development, philanthropic, and other public and private resources in a manner determined appropriate by the local WDB. The CVWDB seeks employer financial support to build a regional career pathway system that includes informational videos on careers with employers as well as web-based and mobile platforms to support virtual career exploration, work-based learning and employment

2. Fees may not be charged for the following services:

a) *Appropriate recruitment and other employer services on behalf of employers, including information and referrals to specialized employer services other than those traditionally offered through the workforce delivery system; and*

2. Any fees earned are recognized as program income and must be expended by the partner in accordance with the partner program's authorizing statute, implementing regulations, and Federal cost principles identified in 2 CFR Part 200.

#### IV. Coordination with Partner Agencies

The following minimum standards are required and must be evident and practiced in the delivery of services to business customers.

A. The CVWDB BST Agreement shall identify the role of each partner and reflect the strategic goals of the area for business services as identified in the local plan. The agreement must include:

1. Standardized timeframes to respond to business inquiries and subsequent contact, to deliver specialized and collaborative solutions that meet the needs of the business customer (alternate options must be provided if the area cannot provide an affirmative response to a business's initial request)
2. Protocol for delivery of business services.

B. A business satisfaction tool to assist in demonstrating continuous improvement.

1. BSTs must have clear, convenient, integrated and easily accessible content and outreach materials (including web-based content) for business customers that provides:

- a) *A list of all integrated business products and services (for all partner agencies but not listed by agency); and*
- b) *Contact information for a business to contact through the identified "single point of contact" protocol.*

- C. BSTs will document they are working and making progress towards shared goals.
- D. BSTs must brand all outreach materials according to the Virginia Career Works brand. Standards and other required EO and funding taglines and be approved by the CVWDB prior to distribution.
- E. BST members must be available to participate in meetings, job fairs, hiring events and other BST activities, including trainings.
- F. Team members must be knowledgeable and able to connect businesses to the full range of partner services, not just the program/agency he/she represents.
- G. All BST members must sign an agreement to abide by the CVWDB BST policies and procedures.
- H. BST members must adhere to confidentiality and ethics as it relates to business needs and partner statutory requirements.
- I. The notion of shared business client ownership and accountability is institutionalized across agencies and programs. Partners must buy into the notion that working collectively expands the breadth of services offered to business which is a positive for all.
- J. Business outreach representatives (across partners) utilize the CVWDB contact management system, share intelligence, coordinate and strategize follow-up.
- K. BST members regularly participate in local and state provided training, including cross training.
- L. Coordinated business services represent “the whole” when in front of business and follow- up includes bringing in the partners/resources to address the solution.
- M. Financial Considerations
  - 1. Employer services may be funded using WIOA program funds or may be provided through intermediaries. Local areas must not provide employer services funded with WIOA dollars that:
    - a) *Result in displacement of currently employed workers by WIOA participants, including reductions in non-overtime work hours, wages, or benefits;*
    - b) *Are inconsistent with the terms of a collective bargaining agreement unless the labor organization and employer provide written concurrence with the services being provided;*
    - c) *Encourage relocation of a business within the United States.*

V. An employer services is available at: toolkit The toolkit is designed to provide resources for employers and local area employer (business) service teams.

VI. Performance

A. Section 116(b)(2)(A)(i)(VI) of WIOA requires that the Departments of Labor and Education establish a primary indicator of performance for effectiveness in serving employers. This indicator will be measured as a shared outcome across all six core programs within each State to ensure a holistic approach to serving employers.

B. Three approaches for measuring effectiveness in serving employers have been developed: Retention, Repeat Business Customers, and Employer Penetration Rate. Virginia has not selected the measures that will be used so the policy will be amended when this information is provided.

VII. Reporting

A. The CVWDB and all programs serving business customers are required to track and report the number, type, size and services provided to businesses. Using a “report template”, each WIOA partner will collect the business data information and will send the information to the VCW-Central Region designated staff or post on the VCW-Central Region contact management system.

##### **Introduction of Recommended Workforce Development Director**

CENTRAL REGION

This spring a Search Committee was identified to seek a new Workforce Director for our program. The committee consisted of:

John Capps  
Scott Francis  
Cheryl Giggetts  
Bobby Johnson  
Christine Kennedy

Ron Lovelace  
Nat Marshall, Chair  
Sierra Philipps, Vice Chair  
Sterling Wilder

The committee reviewed a job description, a position profile and a notice that were placed in a variety of workforce association and governmental association websites as well as Linked-In. We received over 50 applications. We selected 8 for initial screening and settled on six for in-person candidate interviews with the committee being either in-person or participating electronically.

We checked references and, after two additional meetings with the committee, bring a candidate to you for your ratification.

We were very pleased with the quality of the candidates that we talked to. We feel that the search was thorough and that we have identified the candidate that best fits the needs of the Workforce Board.

##### **Recommended Candidate:**

Traci Blido is the unanimous selection of the Search Committee.

Traci has served the past 10 years as the Economic Development Director for Bedford County and previously served as a Project Manager/Communications Officer for the Region 2000 Economic Development Council and was previously the Internal Communications Director for Ericsson, Inc. She received her Bachelor's degree from Liberty University with a Major in Journalism and Public Relations and a Minor in Business Marketing.

Traci has a successful track record in the business community of our region, has strong managerial experience and an excellent communications and public relations background.

Traci has represented Bedford County on our Workforce Board for many years and will resign her position on the Workforce Board in order to accept our offer.

We have agreed to an annual salary of \$100,000 beginning July 1, 2021 with the standard benefit package of the CVPDC, who is the employer of record.

**Recommended Action:** The Search Committee asks the Workforce Board to ratify its recommendation of Traci Blido as the Board's Workforce Development Director.

## **Agenda Item 6: Financial Partnership with Park View Missions**

**Summary:** The Executive Committee has authorized a contract with Park View Missions, renewable for two additional years, to share a “Life Skills Coordinator” position at a cost of \$25,000 annual to the Workforce Board.

Park View will contribute \$42,250 annually:

\$25,000 for the “Life Skills Coordinator” position

\$17,250 for Career Center Staff managing the Career Essentials program and 50 “seats” in the career essentials program

### **Recommended Action**

The Workforce Board is asked to ratify the action of the Executive Committee in authorizing this contract.

### **Background**

Park View Community Missions asks to partner with the Workforce Board in creating a “**Life Skills Coordinator**” position under the supervision of Humankind.

The Workforce Board’s Youth program currently partners with Campbell County and Bedford County equally sharing the cost of full time Youth Navigators. Park View Community Missions is proposing that we use that model and equally share the cost of a “Life Skills Coordinator” who would work with both youth and adults.

Park View currently has a Life Skills program that provides a space for organizations like the Virginia Career Works, Adult and Career Education program, and the City of Lynchburg to provide training opportunities in a neighborhood setting. These training opportunities include Digital Literacy, Career Essentials and Work Readiness Workshops.

The “Life Skills Coordinator” would:

- Coordinate Classes
- Recruit volunteers to deliver programs and services, including mentoring and tutoring

### **Skills USA Career Essentials**

Park View also proposes to provide \$17,250 for time from the current Virginia Career Works staff who manages the Career Essentials program and for 50 “seats” in the Skills USA Career Essentials software module.

The Skills USA Career Essentials is a computer based/classroom instruction program lasting roughly six weeks and having seven components of learning and is the region wide work readiness program. Park View proposes to expand that service and make it more accessible to their clients.

**Timing**

Park View proposes to run the program through 2021-2022. If both parties annually agree that the program is successful then the agreement has two one year extensions.

## Agenda Item 8a: Local Plan Update
